About the lecturers Matthias Jacob and Rüdiger Grabosch

Matthias Jacob and Rüdiger Grabosch have been training English speaking Bioresonance therapists since 2011. They both completed their training as licensed naturopaths in Germany in 2005 and have been working in their own clinic since then. Both therapists have trained extensively in different therapy methods, including Bioresonance, Acupuncture, Homoeopathy, Oxygen-Therapies and Flower Essences Therapy, with Bioresonance Therapy as their main therapy method. Their training in Bioresonance Therapy included intense training offered by Regumed, Germany, plus personal training from Sissi Karz and other teachers in the field of Bioresonance. Both Matthias and Rüdiger put great emphasis on the practical aspect of training; particularly on learning how to achieve accurate test results by means of bio-energetic test methods, and then using the findings to create logical and effective therapies.

Cooperation with the Bioresonance Practitioners Association and with the Turner Clinic

We co-operate with the Bioresonance Practitioners Association (BPA), professional body for Bioresonance Therapy in Great Britain. All seminars will be open for therapists using both the Bicom Optima and Bicom 2000, as well as older devices. The local organizer of our seminars is the Turner Clinic, 4 Old Dublin Rd, Stillorgan, Dublin, A94 Y6To. We are grateful to all co-operation partners for their ongoing support.
